## CELEBRATING OUR SUCCESSES

In total, RETTEW has obtained more than \$133 million for our clients, with more than \$90 million since 2009.

These successes include:

- ▶ More than \$500,000 under the Dauphin County Local Share Municipal Grant Program
- ▶ Approximately \$4 million under TASA.

We are familiar with the intricacies of the application process and look forward to helping clients navigate these programs and secure funding to improve the communities in which we work, live, and play.

In order to apply for federal grants, cooperative agreements, or other forms of federal financial assistance through grants.gov, applicants must be registered and active in the System for Award Management (SAM) *before* you can submit an application. This process may take from four to six weeks. Oftentimes grant opportunities are released with a lead time of two months, sometimes less. So, now is the time to apply and be ready when the right funding opportunity comes out.
