## CONGRATULATIONS, MANOR TOWNSHIP!

Manor Township is celebrating the rehabilitation of the Enola Low Grade Rail Trail Safe Harbor Trestle Bridge over the Conestoga River in Lancaster County, which will result in approximately 28 miles of continuous trail and is part of an important link in a proposed statewide major greenway.

The bridge is on the National Register of Historic Places and is the nation's third-highest railroad trestle. Hailed to be a national tourist destination, you'll find beautiful views of the Susquehanna, bird-watching scopes, picnic pavilions, observation platforms, and other amenities that make a visit truly worthwhile.

On June 2, the Township and many stakeholders gathered to celebrate and open the Safe Harbor Trestle Bridge to the public.

As a project partner who **helped secure more than \$8 million in funding** for the overall trail and bridge project, we congratulate the Township on this significant achievement!
